JOURNAL OF ORAL MEDICINE
Volume 21 — Numbers 1-4 — Pages 1-184

ANNUAL INDEX 1966

AMERICAN ACADEMY OF ORAL MEDICINE
American Board of Oral Medicine. April, p. 79.
American Board of Oral Medicine, Candidates Certified. Oct., p. 161.
Annual Convention, June, 1966. April, p. 80.
Annual Convention, Tamiment, Pa. Oct., p. 156.
Committee on International Interchange of Dental Medicine. April, p. 85.
Committee of International Interchange of Dental Medicine. Oct., p. 161.
Dental-Medical Relations Committee. Stone, Earl. April, p. 82.
Mid-Annual Meeting. Oct., p. 160.
New Members Elected at Business Meeting, December, 1965. Jan., p. 29.
New Members Elected at Business Meeting, June, 1966. Oct., p. 166.
President's Address, June, 1966. Feltman, Reuben. Oct., p. 155.
Retiring President's Message, June, 1966. Ward, Howard L. Oct., p. 152.
Workshop in Oral Medicine: Definition and Proposed Syllabus of Instruction. Blass, J. Lewis. April, p. 78.

AHERN, J. P., Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. July, p. 127.

ALEXANDER, W. D. Problems of Interpretation in Studies of Salivary Constituents. April, p. 66.

AMUNDSON, A. Evaluation of Topical Anesthetic Agents by Taste Perception. April, p. 86.

AVERILL, H. M. The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Oct., p. 168.

BARRETT, R. A. Fat Consumption and Cardiovascular Complaints. Oct., p. 173.

BARTELS, H. A. Case Report: Oral Moniliasis in a Diabetic Patient. Oct., p. 177.

BARTELS, H. A. The Rapid Clearance from the Oral Cavity of Introduced Streptomycin Dependent and Resistant Strains of Lactobacilli. July, p. 111.

BAUM, ALFRED T. The Midline Diastema. Jan., p. 30.

BERGNER-RABINOWITZ, S. Serological Differentiation of Beta Hemolytic in the Throat and Gingiva in Selected Population Groups in Jerusalem. Jan., p. 40.

BIBBY, B. G. The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Oct., p. 168.

BLASS, J. LEWIS. Workshop in Oral Medicine: Definition and Proposed Syllabus of Instruction. April, p. 78.

BLECHMAN, H. The Rapid Clearance from the Oral Cavity of Introduced Streptomycin Dependent and Resistant Strains of Lactobacilli July, p. 111.

BLEWITT, G. Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. July, p. 127.

BURMAN, L. R. Case Report: Oral Moniliasis in a Diabetic Patient. Oct., p. 177.

CASE REPORTS
Case Report: Aureomycin in Periodontal Therapy. Roth, Harry. April, p. 96.
Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. Orlean, S. L.; Robinson, N. R., Ahern, J. P., Mallon, C F., Blewitt, G. July, p. 127
Case Report: Oral Moniliasis in a Diabetic Patient. Burman, L. R. Bartels, H. A. Oct., p. 177.
Some Craniofacial Dysostoses: Report of Three Cases. Sakurai, E. H. Mitchell, D. F., Holmes, L. A. Jan., p. 44

CELIS, ALVARO. Clinical Study of Hairy Tongue in Hospital Patients. Oct., p. 139.

CHERASKIN, E. Fat Consumption and Cardiovascular Complaints. Oct., p. 173.

CHERASKIN, E. Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. April, p. 59.

COBE, H. M. The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.

DENTAL MEDICINE
Body Fluid Disturbances in Dental Medicine. Snively, W. D. Jan., p. 4.

DRUGS
Case Report: Aureomycin in Periodontal Therapy. Roth, Harry. April, p. 96.
Orahesive Adherence to Human Oral Mucosa. Toto, Patrick D. April, p. 73.

EASTERLING, R. E. Parotid Fluid Responses to Hemodialysis on the Artificial Kidney. Jan., p. 26.

ENDODONTICS
The Use of Benzalkonium Chloride in Root Canal Therapy. Shapiro, S., Heling, B., Erb, A. July, p. 123.

ERB, A. The Use of Benzalkonium Chloride in Root Canal Therapy. July, p. 123.

EVANS, R. The relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.

FELTMAN, REUBEN. President's Address. Oct., p. 155.

FREEMAN, R. M. Parotid Fluid Responses to Hemodialysis on the Artificial Kidney. Jan., p. 26.

FREIRE, P. S. The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Oct., p. 168.

GINN, D. C. Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. April, p. 59.

GUZMAN, C. A. The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Oct., p. 168.

HARDEN, R. McG. Problems of Interpretation in Studies on Salivary Constituents. April, p. 66.

HELING, B. Serological Differentiation of Beta Hemolytic in the Throat and Gingiva in Selected Population Groups in Jerusalem. Jan., p. 40.

HELING, B. The Use of Benzalkonium Chloride in Root Canal Therapy. July, p. 123.

HOLMES, L. A. Some Craniofacial Dysostoses: Report of Three Cases. Jan., p. 44.

HURLEY, B. The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.

INTERLINGUA

Evaluation de Agentes Anesthetic de Application Topic a Base de un Perception Gustatori. April, p. 88.
Le Adherentia de "Orahesive" al Mucosa Oral del Homine. April, p. 75.
Le Effecto de un Supplementation de un Dieta a Basse Contento de Calcium con Phosphato Dicalcic Super le Contento de Calcium e de Phosophoro in le Saliva de Juveniles. Oct., p. 168.
Le Consumo de Grassia a Gravamines Cardiovascular. Oct., p. 173.
Le Enzymas del Organismo e lor Eignification pro le Medicine Oral. July, p. 122.
Le Rapide Clearance ab le Cavitate Oral de Streptomycino-Dependente e Resistente Lineas Exogene de Lactobacillos. July, p. 115.
Le Relation Inter le Activitate Cariose, le Intensitate del Fluxo Salivari, e le Contento Salivari de Nitrogeno Total e de Mucina. July, p. 110.
Le Uso de Chloruro de Benzalconium in Therapia de Canal de Radice. July, p. 126.
Pathosis Periodontal in le Homine: XV. Le Effecto de Bibitas a Glucosa Super le Stato Gingival. April, p. 65.
Problemas de Interpretation in Studios de Constituentes del Saliva. April, p. 72.
Repression de Dolor per Suggestion. April, p. 95.
Responsa del Periodontio a Malnutrition in Caloria ab Proteina. Oct., p. 146.
Studio Clinic de Lingua Villose in Patientes Hospitalisate. Oct., p. 139.

KANIG, J. L. Evaluation of Topical Anesthetic Agents by Taste Perception. April, p. 86.

KAPSIMALIS, P. The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.

KUTSCHER, A. H. Evaluation of Topical Anesthetic Agents by Taste Perception. April, p. 86.

LITTLE, J. W. Clinical Study of Hairy Tongue in Hospital Patients. Oct., p. 139.

LYONS, D C. Systemic Enzymes and their Relation to Oral Medicine. July, p. 116.

MALLON, C. F. Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. July, p. 127.

MASON, D. K. Problems of Interpretation in Studies of Salivary Constituents. April, p. 66.

MEDFORD, F. H. Periodontal Pathosis in Man: XV: Effect of Glucose Drinks Upon Gingival State. April, p. 59.

MITCHELL, D. F. Some Craniofacial Dysostoses: Report of Three Cases Jan., p. 44.

NUTRITION

Body Fluid Disturbances in Dental Medicine. Snively, W. D. Jan., p. 4.
Response of the Periodontium to Protein-Calorie Malnutrition. Stahl, S. S. Oct., p. 146.
The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Bibby, B. G., Averill, H. M., Freire, P. S., Shannon, I, Guzman, C A. Oct., p. 168.

ORLEAN, S. L. Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. July, p. 127.

ORAL MEDICINE

Case Report: Oral Moniliasis in a Diabetic Patient. Burman, L. R., Bartels, H. A. Oct., p. 177.
Clinical Study of Hairy Tongue in Hospital Patients. Celis, A., Little, J. W. Oct., p. 139.
Serological Differentiation of Beta Hemolytic in the Throat and Gingiva in Selected Population Groups in Jerusalem Heling, B.; Sciaky, Ina; Bergner-Rabinowitz, S. Jan., p. 40.
Systemic Enzymes and Their Relation to Oral Medicine. Lyons, D. C. July, p. 116.

ORTHODONTICS

The Midline Diastema. Baum, Alfred T. Jan., p. 29.

PAIN

Pain Control by Suggestion. Pollack, Sidney. April, p. 89.

PERIODONTICS

Case Report: Aureomycin in Periodontal Therapy. Roth, Harry. April, p. 96.
Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. Cheraskin, E.; Ringsdorf, W. M., Setyaamadja, A. T. S. H., Ginn, D. C., Medford, F. H. April, p. 59.
Response of the Periodontium to Protein-Calorie Malnutrition. Stahl, S. S. Oct., p. 146.

POLLACK, SIDNEY. Pain Control by Suggestion. April, p. 89.

RESEARCH

Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. Cheraskin, E.; Ringsdorf, W. M.; Setyaamadja, A. T. S. H.; Ginn, D. C.; Medford, F. H. April, p. 59.
Problems of Interpretation in Studies of Salivary Constituents. Mason, D. K.; Harden, R. McG., Alexander, W. D. April, p. 66.
Response of the Periodontium to Protein-Calorie Malnutrition. Stahl, S. S. Oct., p. 146.

The Rapid Clearance from the Oral Cavity of Introduced Streptomycin Dependent and Resistant Strains of Lactobacilli. Bartels, H. A.; Blechman, H. July, p. 111.
The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. Kapsimalis, Peter; Rosenthal, S. L.; Updegrave, W.; Evans, R.; Hurley, B.; Cobe, H. M. July, p. 107.

RINGSDORF, W. M. Fat Consumption and Cardiovascular Complaints. Oct., p. 173.

RINGSDORF, W. M. Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. April, p. 59.

ROBINSON, N. R. Case Report: Carcinoma of Maxillary Sinus Manifested by Temporomandibular Joint Pain Dysfunction Syndrome. July, p. 127.

ROSENTHAL, S. L. The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.

ROTH, HARRY. Case Report: Aureomycin in Periodontal Therapy. April, p. 96.

SAKURAI, E. H. Some Craniofacial Dysostoses: Report of Three Cases. Jan., p. 44.

SALIVA
Parotid Fluid Responses to Hemodialysis on the Artificial Kidney. Freeman, R. M.; Shannon, I. L.; Easterling, R. E. Jan., p. 26.
Problems of Interpretation in Studies of Salivary Constituents. Mason, D. K.; Harden, R. McG.; Alexander, W. D. April, p. 66.
The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet on Calcium and Phosphorus Content of Children's Saliva. Bibby, B. G., Averill, H. M., Freire, P. S., Shannon, I, Guzman, C A. Oct., p. 168.
The Relationeship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. Kapsimalis, P.; Rosenthal S. L.; Updegrave, W.; Evans, R. Hurley, B. Cobe, H. M. July, p. 107.

SCIAKY, INA. Serological Differentiation of Beta Hemolytic in the Throat and Gingiva in Selected Population Groups in Jerusalem. Jan., p. 40.

SETYAAMADJA, A. T. S. H. Fat Consumption and Cardiovascular Complaints. Oct., p. 173.

SETYAAMADJA, A. T. S. H. Periodontal Pathosis in Man: XV. Effect of Glucose Drinks Upon Gingival State. April, p. 59.

SHANNON, I. L. Parotid Fluid Responses to Hemodialysis on the Artificial Kidney. Jan., p. 26.

SHANNON, I. L. The Effect of Dicalcium Phosphate Supplementation of a Low Calcium Diet and Phosphorus Content of Children's Saliva. Oct., p. 168.

SHAPIRO, S. The Use of Benzalkonium Chloride in Root Canal Therapy. July, p. 123.

SNIVELY, W. D. Body Eluid Disturbances in Dental Medicine. Jan., p. 4.

STAHL, S. S. Response of the Periodontium to Protein-Calorie Malnutrition. Oct., p. 146.

TOTO, PATRICK D. Orahesive Adherence to Human Oral Mucosa. April, p. 73.

UPDEGRAVE, W. The Relationship Between Caries Activity, Flow Rate, Total Nitrogen and the Mucin Content of Saliva. July, p. 107.
